[www.danstrash.com](http://www.danstrash.com) or [www.samedayhaulin.com](http://www.samedayhaulin.com)

Dear valued customer,

We would like to take this opportunity to thank all our friends and customers for supporting your locally owned and operated Trash Company: without you all this would not be possible.

Please be advised of the following rules and regulations for trash service.

### **Inclement Weather Policy:**

**In the event of severe weather our trucks tend to run behind or are forced to shut down, in this case trash may not be picked up until the next route scheduled pickup day. If we are unable to pick up your trash due to weather, (muddy roads, or too much snow) we will pick all your trash up the following week on your next scheduled pickup day. There will be no credits given. (In Yard or trash pickup), if we do not pick up due to weather. We are aware that you will be putting out 2 weeks' worth of trash and we expect that. If your service falls on even or odd week, we will pick you up the next week. If driveway/private road is inaccessible, we will not enter till it is safe; trash can be set out at county maintained road for pickup.**

We observe the following holidays-**New Years Day, Thanksgiving, and Christmas Day.** If your pick up is scheduled for one of those days we will pick up the following working day.

To help keep our communities clean of debris, all trash in **cans, toters, and dumpsters MUST BE BAGGED.**

~55 gallon barrels may only contain bagged trash; otherwise they get too heavy to lift for our drivers.

~Commercial dumpsters, such as 1, 2 and 3 yards, **may** be put on a concrete pad, sheet of plywood, or equivalent to that. (to avoid dumpster sinking.) Please call for more info. Only Dumpsters will be emptied.

Do not stack or store items around dumpster, **KEEP DUMPSTER AREA CLEAR OF ALL DEBRIS AND VEHICLES, FRONT, BACK, and Sides. Commercial dumpsters are set so the trucks can pick them up, do not move dumpsters to different locations. Do not load above top edge of dumpster.**

~We **CANNOT** take concrete, rock, sod, dirt, ashes; construction material must be broken down into 24" pieces or smaller. Any dead animals must be less than 10lbs.

~We **CANNOT** take any hazardous materials such as but not limited to tires, paints, or oils.

~If any of the above are found in your can, we **WILL NOT** pick up your trash until they are removed from your trash can(s).

~**CAR BATTERIES** will be picked up **AS LONG AS** they are kept separate from your normal trash. Please set them next to your can.

~Please have all trash ready for pickup by 7:00am; please do not be alarmed if not picked up until late in day. We cannot take electronics in trash trucks, tv's, computers, etc., they can be recycled at our yard in Ellicott or Elbert for a fee.

~Recycling is available to you as a courtesy, we will be happy to recycle your newspapers, phone books, junk mail, aluminum, glass, plastics (#1-7) and cardboard (broken down and bundled). Recycling must be clean, no food at all. Please place all items into one bag and set next to your trash and mark recycling.

~Large items such as couches, hideabed couches, mattresses, lumber, washers, fridges, etc. can be removed for you. Please call our office for pricing of these services.
